Celebrating 100 Years of Immaculate Heart of Mary

by **Maicom Razon and Inigo Razo**

The Mass

Dear Eagles,

Our school celebrated 100 years starting on January 29 to February 4. The Centennial Mass was celebrated with Archbishop José Gomez. We were honored to be able to celebrate Mass with the archbishop. The choir sang multiple majestic songs and they sounded angelic. Along with that, our school was featured on TeleMundo and received a shoutout on Angelus News.

The Celebrations

As a celebration for 100 years of our blessed school, we had an open house on January 29. Everyone interested in our school was able to see the open house. The school sold donuts and coffee in front of the office and all classrooms were open for viewing.

One week later, there was another celebration, the Centennial Festival! Our school went all out and it was very successful ... one of the best festivals our school has ever had! The festival had lots of food, games, and inflatable fun! There were many different foods such as fries, burgers, hotdogs, and siomai. There were also many drinks like water, juice, and Thai tea. For the first time ever, the school hired a live band to play all kinds of songs that many people danced to. There were many different bouncy houses. There were two inflatables for bouncing, one inflatable for sliding, and one inflatable for climbing. There were also game booths, tic-tac-toe and ring toss, to win a prize. Along with the band that played, there was a DJ, and each grade performed a song.

Thank You

Thank you to all the people that have supported our school community throughout our journey. Our school is ever most grateful for the support through all 100 years of the school's journey. We would not be here where we are today without the never ending support of the parents, teachers, staff, and the students. Thank you again for everything!
